**Notes:**

1. Depth of these backlit outdoor advertising panels is 8".
2. Panels are backlit using fluorescent lamps.
3. Service access is from the front of the display.
4. Panels are UL listed.
5. Power is 120VAC, 2 wires plus ground.
6. Consistent with Daktronics policy of continuing product improvement, specifications shown are subject to change.
7. \* Indicates assemblies that contain mounting kits.

Flex Panel: Fabric material for outdoor use. Used typically on larger panels/displays (anything above 4'6" high).  
Rigid Panel: Polycarbonate material (translucent plastic-like material) is 0.118" thick.
