Most graphics support alternate color selections. Use values 1-4 till you've found the desired color. Some graphics may have that selection under Player or Team selection section.

Scorebug and Go To Break use ShortName for team name value.

Scorebug and Go To Break logo background alternatives can be done through Team settings info under the "Short Name" use values 1-4 to cycle the different color values. If this is use then Team Name will default to Name field.

The screenshot shows a dark-themed 'Edit Team' form with the following fields:
